HEAR FROM THE HEADMASTER

Hello Parents,

It's hard to believe that next week marks the end of our first quarter. Thank you, teachers, staff, parents, and students for such a successful start to the school year. I look forward with great anticipation to what God has in store for us as we continue to partner together. Our students have done well and continue to excel each and every day. There is early dismissal to mark the end of the quarter, so please note the pickup times listed to the right!

Have a blessed weekend and remember "...those who hope in the LORD will renew their strength. They will soar on wings like eagles; they will run and not grow weary, they will walk and not be faint" Isaiah 40:31.

Have a great weekend!

Bobby Hunter

UPCOMING EVENTS

End Of Quarter 1 Early Dismissal
10/8/21

Grade K - 11:00am
Grades 1-4 - 11:15am
Grades 5-8 - 11:30am

Picture Day
10/19/21

Lower Division Honors Assembly
10/20/21

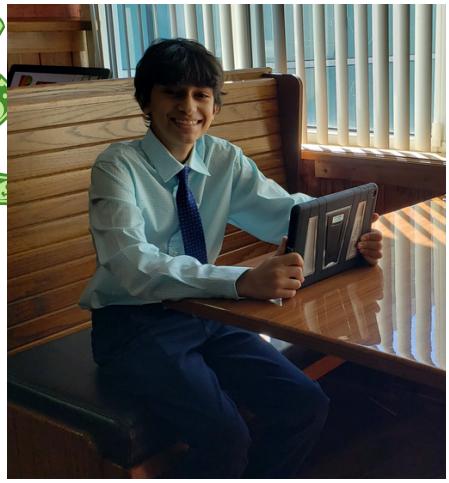
8TH GRADE FINANCE PARK

The 8th Grade trip to Finance Park taught students how to be financially capable and ready to take on their futures. From goal-setting to saving, budgeting, shopping and bill paying, students experienced what it really takes to successfully navigate today's complex economy and how their decisions today can impact their future.



NJHS SERVES OUR COMMUNITY

NJHS students served in the community this past weekend, participating in the annual Carefest event. Students were assigned to different projects around St. Petersburg that included assisting residents with yard work and maintenance around homes to improve their quality of life. The students worked hard and showed the heart of Christ in their service. Our NJHS partnered with the Suncoast Cathedral outreach ministry.

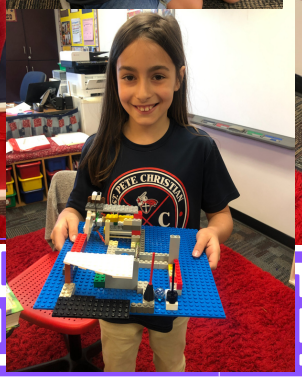
ATTENTION VOLUNTEERS

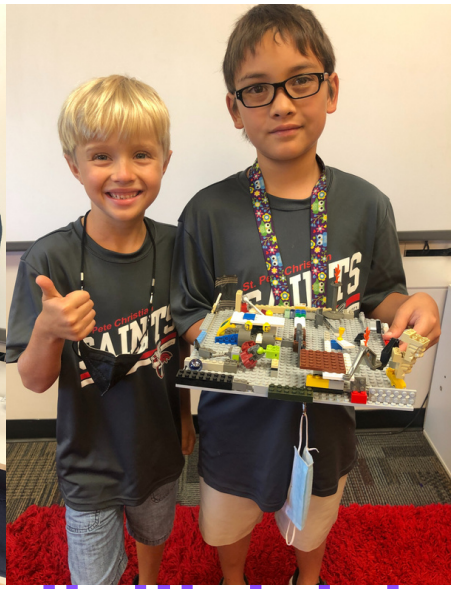
Lots of field trips are coming up! Don't miss out! To volunteer on campus or attend a field trip, you **MUST** have a valid Level II background check on file. **CLICK HERE** to find out how to get one!

They are valid for 5 years. If you want to know your volunteer status, please contact kurekl@stpetechristian.org.

3RD GRADE ENRICHMENT MATH

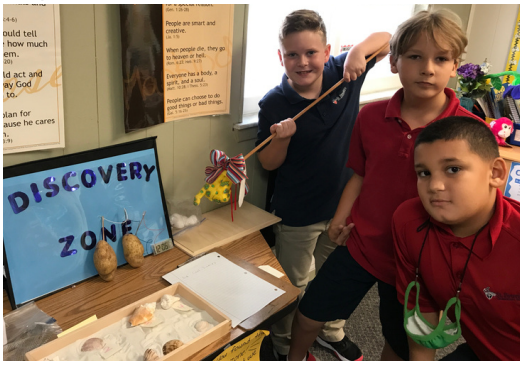
The 3rd Grade Enrichment math class used their critical thinking skills to create LEGO mazes today.

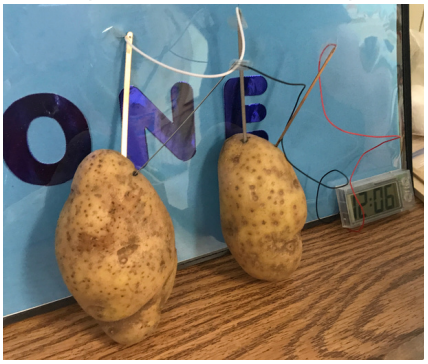


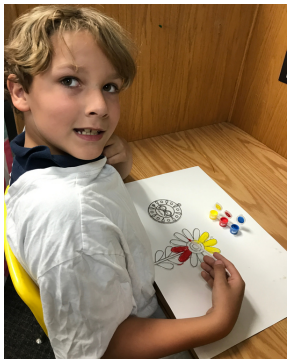


THIS WEEK IN LRC

This week the LRC students turned on a clock with potato power! Actually, it was a combination of zinc and copper plates within the potato that caused the electrical energy. Next week, they will repeat the experiment to see if it works through a liquid instead of a potato.







They also made suncatchers to share with an adult who has encouraged them. They talked about letting God's light shine through us to encourage others.
