

Curriculum Facts and Course  
Description

Texts:

1. Paso a Paso A by Prentice Hall
2. Paso a Paso B by Prentice Hall

Much of curriculum is tailored to student abilities and oral in nature and is therefore teacher driven for each class.

Elementary Spanish

Students will be able to write, read, pronounce and listen to various vocabulary words in Spanish. They will be able to speak short phrases. Activities include art galleries, card games, puzzles, songs and more! Students will learn about the Hispanic culture through art projects and holiday activities.

Middle School Spanish—High School level 1

Students will be able to learn and memorize various vocabulary, be able to conjugate present tense verbs, learn adjective agreement and how to translate. Activities include group activities, vocabulary drills, translation exercises, oral practice, games and class participation. Pinellas County Level One Assessment exam is offered for High school level one credit.

Middle School Spanish—High School level 2

Students will be able to learn and memorize various vocabulary, be able to conjugate present, past, and future tense of verbs, learn object pronouns and reflexive pronouns, learn stem change verbs, and improve their speaking and listening skills. Activities include group activities, vocabulary drills, translation exercises, oral practice, games and class participation.
