HEAR FROM THE HEADMASTER

SPCS Family,

We had an outstanding last week of August! Everyone is fully engaged in learning. Our teachers and staff do an excellent job of incorporating fun and exciting lessons into the students' days. I am inspired by their dedication and commitment.

Our SPCS coaches are also committed, and in September, we kick off our golf, soccer, and volleyball seasons. I encourage you to come cheer on our athletes. You can find the list of events on the home page of our website.

Don't forget that Monday is Labor Day and we have a 3-day weekend! Enjoy the extra time with friends and family!

"The name of the Lord is a strong tower; the righteous run into it and are safe". Proverbs 18:10

In Him,
Bobby Hunter

UPCOMING EVENTS

Labor Day - NO SCHOOL
9/1/25

Picture Day
9/16/25

Private High School Night
9/18/25

Parent Conference Day - NO SCHOOL
9/19/25

MIDDLE SCHOOL SGA REPRESENTATIVES

Congratulations to these students, elected by their peers, as grade-level representatives in Student Government.

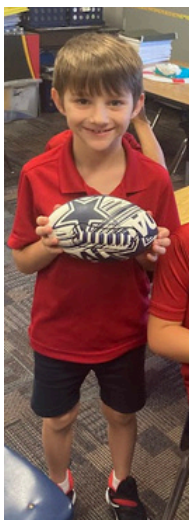
8th Grade - Izzy F.

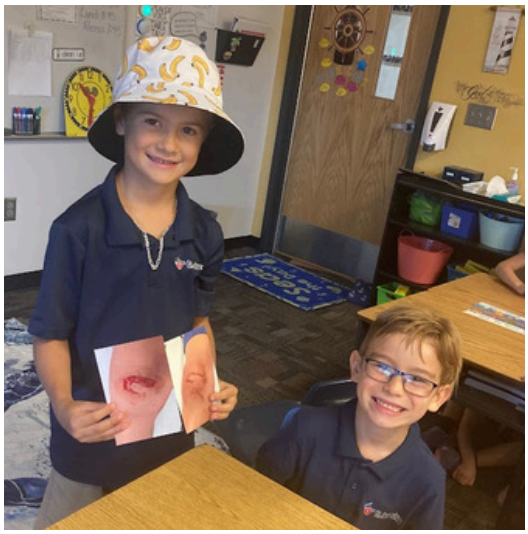
7th Grade - Saniya S. & Noah V.

6TH Grade - Quinn T. & Maddox O.

MRS. KOON'S CLASS

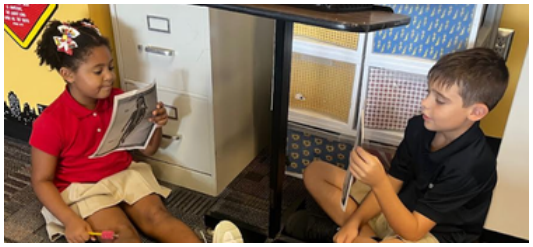
Second grade is learning about Native Americans. The Native Americans who lived in the southwest region made beautiful woven mats, so students tried to do the same! They also got acquainted with each other - sharing about themselves with 3 items brought from home!

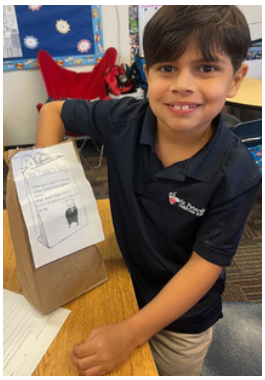


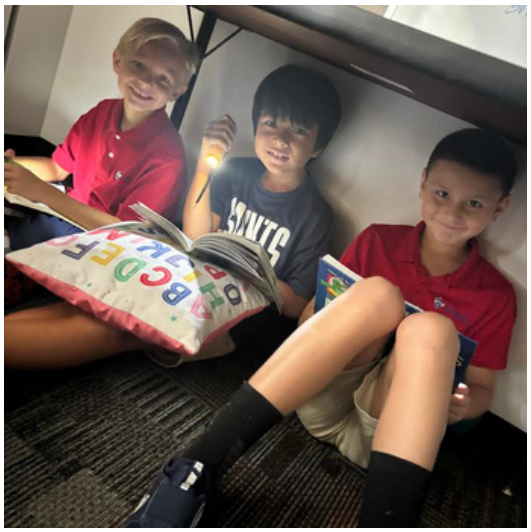


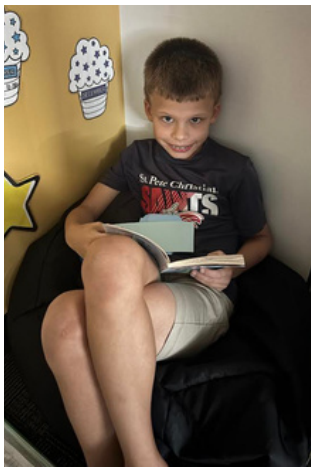
THIRD GRADE UPDATE

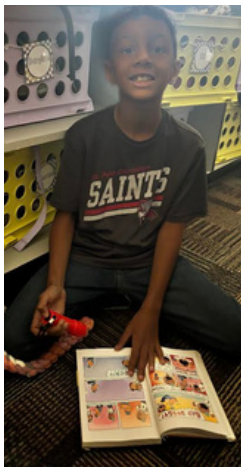
"Thanks to their creative teachers, 3rd graders had fun with science and reading! Their touch bag experiment heightened their sense of touch, and partner studying for their upcoming quiz on the human body was effective. Flashlight reading really illuminated the stories!

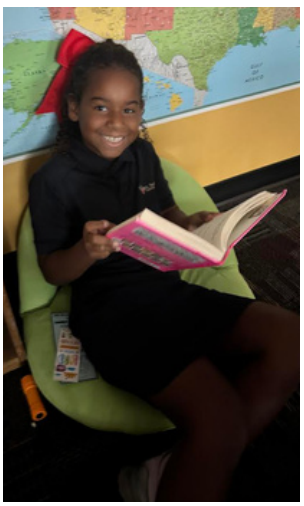


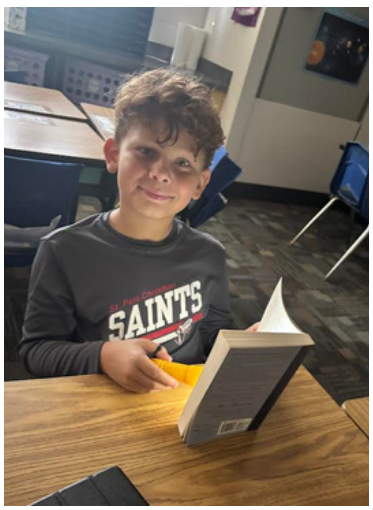






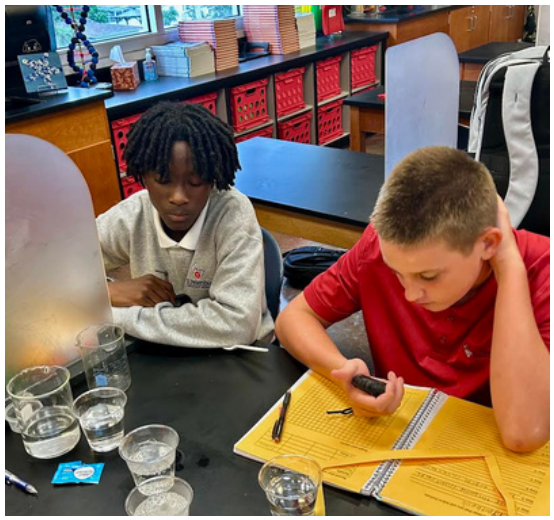






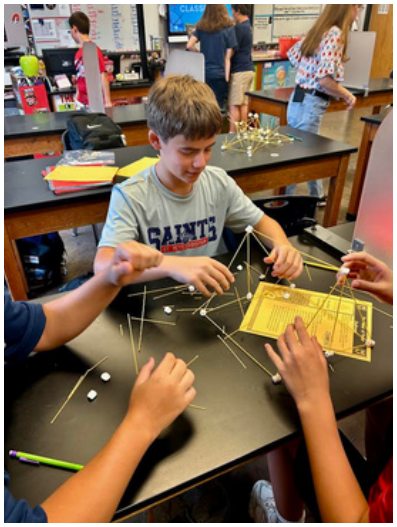
8TH GRADE SCIENCE

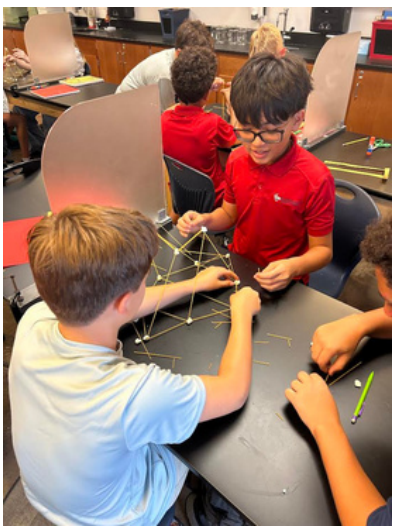
As the 8th graders explore all aspects of physical science, students worked in lab groups to observe and record different chemical processes. Lab members incorporated their math skills to time reactions with different solutions and then graph their data. Students followed step-by-step instructions to be sure they produced the correct reactions listed in their lab materials.

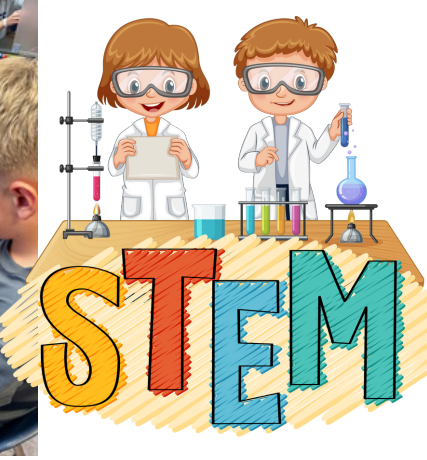


7TH GRADE SCIENCE

The 7th grade lab teams participated in a STEM challenge. They had the opportunity to build marshmallow towers with classroom supplies. Successful teams created the tallest structures that were sturdy and stable.

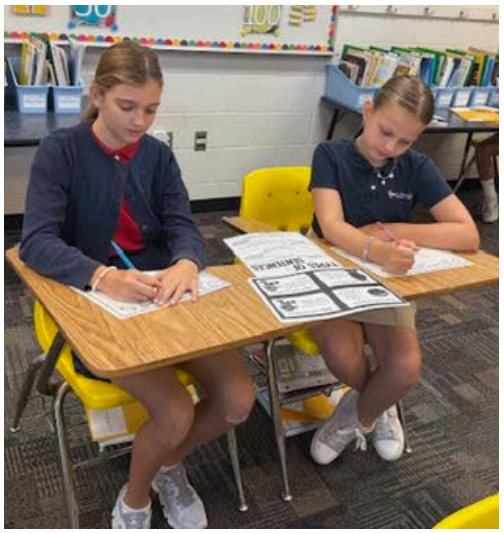






5TH GRADE ENGLISH

In English class, fifth-grade students are working on writing. They completed task cards with a partner to review the different types of sentences.



Picture Day

FALL SPORTS ROSTER

JUNIOR SAINTS CHEERLEADING

These enthusiastic girls will cheer for our volleyball team this season

Alysson C.	Ella K.
Ellie C.	Natalie K.
Maya C.	Gia M.
Luna D.	Isla M.
Ay'annah F.	Grace P.
Sydney F.	Ma'khadiance P.
Leah F.	Victoria R.
Elena G.	Madison S.
Lyla H.	Scarlett S.
Camdyn H.	Riley T.
Harlee J.	Mia T.

Absent Due To Illness?

To avoid the spread of sickness, students should not attend school when they are ill. Additionally, students should not return to school too quickly following illness. **A student should be free from vomiting, diarrhea and fever for a minimum of 24 hours.** Any student missing 5 or more consecutive days of school should provide a doctor's note for readmission.

Please refer to the 2025 Student Handbook for further information.

NO SCHOOL LABOR DAY
