## HEAR FROM THE HEADMASTER

SPCS Family,

It was a fun shortened week both on and off campus! The week kicked off Tuesday with students in Kindergarten – 5<sup>th</sup> Grade enjoying their time at Sky Zone as a reward for our successful Fun Run. They had the place to themselves and enjoyed the time with their friends.

Our Middle School students were all off campus on year end field trips. Sixth grade was at ropes course, 7<sup>th</sup> grade at Nature's Academy, and 8<sup>th</sup> grade in Washington DC. I am grateful to the parents, staff, and faculty that accompanied the students on these trips. They are experiences that the students, so many of them that have been at SPCS since Kindergarten, will never forget!

The coming weeks include more field trips and events so make sure to stay up to date so you do not miss out. The year will be over before we know it.

"You will make known to me the path of life; In Your presence is fullness of joy; In Your right hand there are pleasures forever." Psalm 16:11

In Him,  
Bobby Hunter

**TREAT  
EVERYONE  
WITH  
KINDNESS**

# 7TH GRADE NATURE'S ACADEMY ADVENTURE

Our 7th graders attended the annual Nature's Academy field trip. Students arrived ready to jump into outdoor activities and team building. Day 1 focused on learning about the environment, practical nature skills, and engaging with nature through hikes, outdoor classes, and hands-on activities.

They also participated in water-based classes like primitive fishing, a heron hunt, and mosaic tidal exploration. They toured the estuary on canoes and kayaks and had an opportunity to paddle board and explore the shoreline for sea creatures. The fun continued with a red tide program, fish dissection, and nighttime s'mores campfire

# ELEMENTARY SKY ZONE®

The 217 students that raised \$100 for this year's Fun Run joined us at SKY ZONE for some extreme FUN this week!

## 2ND GRADE GUEST SPEAKER

Noelle's dad came to Mrs. Koon's classroom to teach second graders about fire safety. He showed them how to stop, drop, and roll. He reminded the students to plan a safe place to meet should there be a fire.

## 6TH GRADE ROPES COURSE ADVENTURE

Always a highlight of their middle school experience, 6<sup>th</sup> grade students enjoyed their overnight trip to Parrish. They participated in activities to foster teamwork, collaboration, leadership, problem-solving, conflict resolution, and much more! Experienced guides with Common Ground Adventures facilitated the students through activities in both low ropes and high ropes elements.
