Headmaster's Message

SPCS Parents,

It's hard to believe that we are halfway through February. I'm sure that you all are looking forward to a long 4 day weekend. I hope that you and our students are able to enjoy some downtime and recharge.

We had a short but full week here at SPCS. Congratulations and great job to our Saints Bowling Team! They completed their 2nd match and did an outstanding job representing SPCS. We are proud of them!

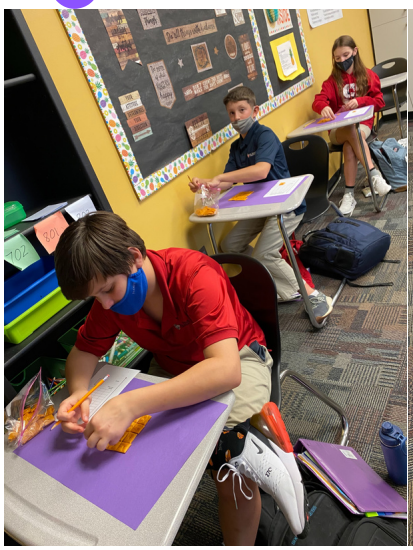
As we enter this Valentine's Day weekend, let us be reminded of God's word that proclaims "...three things will last forever—faith, hope, and love—and the greatest of these is love" (1 Cor. 13:13).

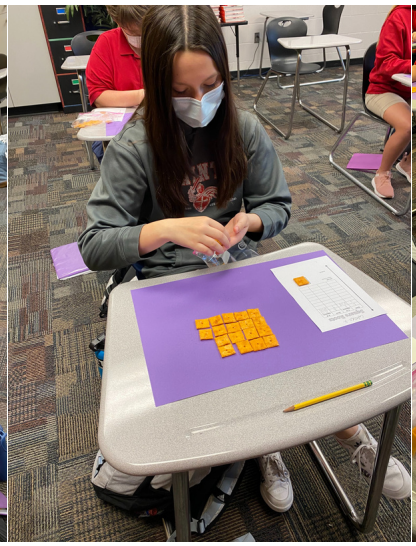
In Him,
Bobby Hunter

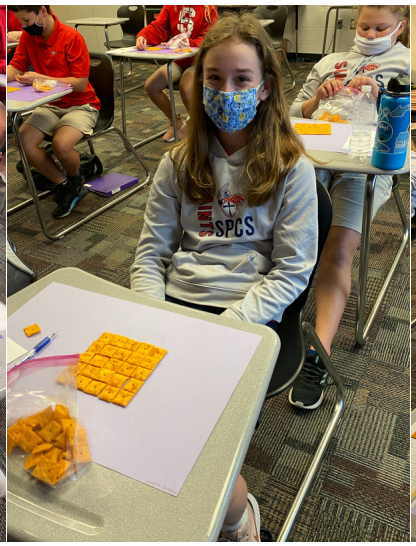
Happy Valentine's Day

Tasty Math In 7th Grade

This week, 7th grade students found roots and built perfect squares using Cheez-its in Math.







2021 Saints Baseball Team

Congratulations to the 2021 Saints Baseball Team. Their games start on February 23rd. Check out the homepage of our school website for the full schedule and come cheer them on! Coach Hallam and Coach Hunter look forward to a great season!

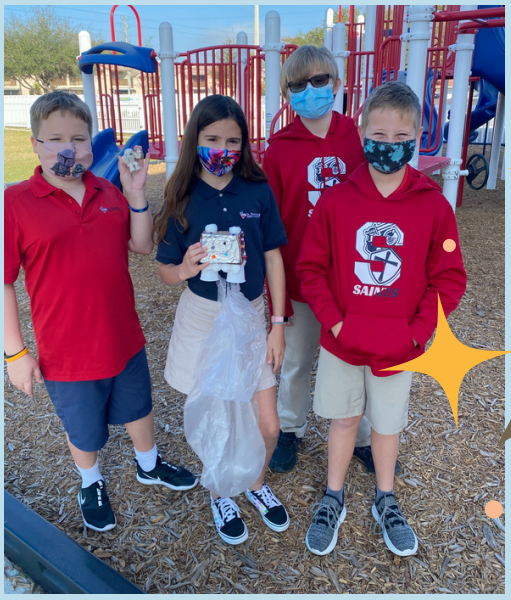
6th Grade STEM Shuttle Challenge

Students planned, designed, and constructed STEM Shuttle projects during the sixth grade science unit on space travel and engineering. Students worked to create a shuttle that would launch with 'a passenger' and not eject their Lego pilot. The longest drop was 3.73 seconds after launch. Great work space scholars!



6th Grade Ropes Course

Sixth Grade students spent two days at Common Ground Adventures tackling challenges to grow individually and collectively to achieve success. With the physical, mental, and emotional support of their peers, they were able to overcome challenges that may have seemed impossible when they arrived. They completed a high ropes course, among other adventures, and also had time for spiritual reflection and growth.
