HEAR FROM THE HEADMASTER

SPCS Family,

What a great Thanksgiving celebration week at SPCS! On Wednesday, we came together at our Operation Christmas Child Chapel service, where we prayed over 286 boxes. THANK YOU for supporting this special mission! We continued the week with exciting activities and gatherings centered around Thanksgiving. THANK YOU parents for helping to coordinate, donate to, or attend these events.

In the weeks after returning from Break, we will wrap up the 2nd quarter. Those few weeks will be busy as well, so take time to rest and renew.

"Enter into His gates with thanksgiving, and into His courts with praise: be thankful unto Him, and bless His name." Psalm 100:4

In Him,

Bobby Hunter

NJHS DELIVERS OCC BOXES

After Chapel on Wednesday, NJHS members loaded all of the boxes for transport to the centralized drop-off location. From there, the boxes will make their way to deserving children across the globe.

2ND GRADE MYSTERY READERS

We appreciate when parents join us as Mystery Readers. In 2nd grade, Savannah and Evelyn were happy to see their parents share in the fun.

8TH GRADE SOCIAL STUDIES

Eighth graders completed a Declaration of Independence Escape Room to review what they've learned about our nation's important document. It was a fun way to learn!

December 21st - January 4th

THANKSGIVING FUN

Our Kindergarten families came together for a morning of fun and fellowship at Lurie Park.

BLESSED!

1ST GRADE THANKSGIVING FUN

First graders love it when Mystery Readers join them. This week, Elle's mom came to read them a Thanksgiving story. They also enjoyed some Thanksgiving cornucopia treats!

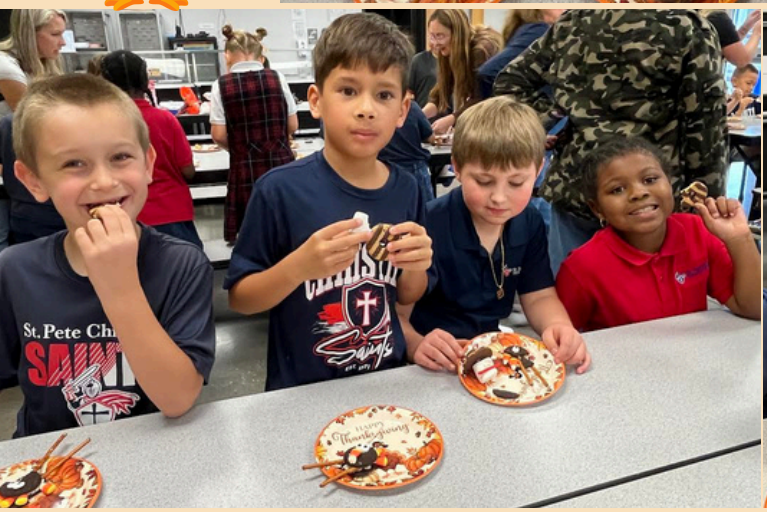

2ND GRADE THANKSGIVING FUN

3RD GRADE THANKSGIVING FUN

Third-grade classes enjoyed their Thanksgiving pie graph tasting activity and even dressed for the occasion!

HAPPY THANKS GIVING

4TH GRADE THANKSGIVING FUN

Family -&- friends

5TH GRADE THANKSGIVING WRITING

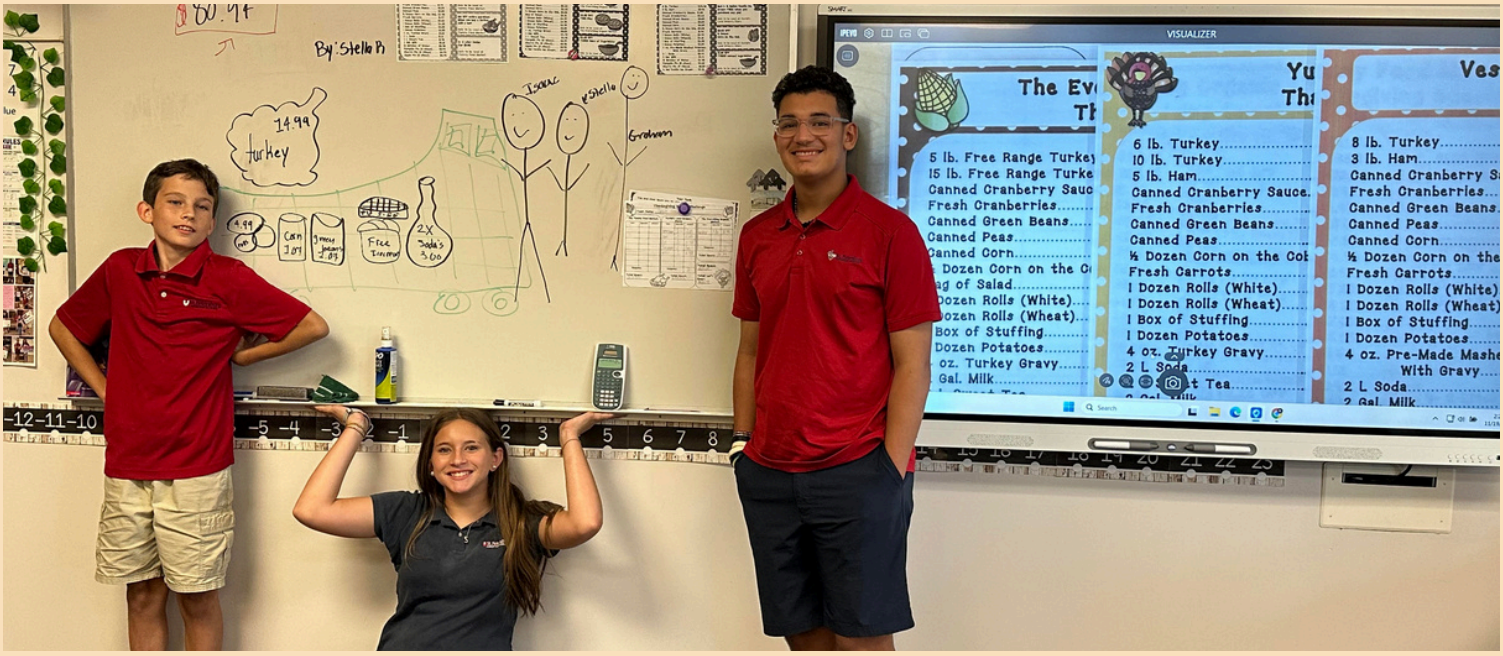

Our fifth graders have been putting the writing process into practice! They planned, drafted, revised, and edited a two-paragraph essay about the people and things they are thankful for. As they wrote, students were challenged to explain not only what they are thankful for, but also why those people and things are meaningful to them.

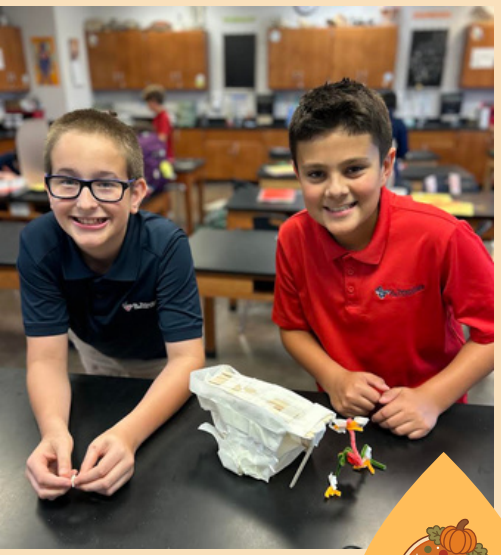

THANKSGIVING MATH

Mrs. Kessie's math students planned a Thanksgiving meal for 10 people, complete with delicious food, using coupons and strategies to keep it economical. Math comes in handy!

MIDDLE SCHOOL THANKSGIVING LABS

Our middle schoolers wrapped up November with Thanksgiving STEM challenges. Our 6-8th graders each had a unique lab that enabled them to explore their STEM skills. Lab groups built turkey traps, designed Thanksgiving Day parade floats testing buoyancy, and challenged each other with mini-trebuchets as pumpkin palooza launchers, demonstrating velocity and speed.

8TH GRADE GUEST SPEAKER

As our 8th graders prepare for their 3D printing unit in Computer Class, they're learning how precise measurements help parts fit and function. Machinist Frank Rocco visited to share how to become a machinist, the tools he uses, and how machines he helps build, calibrate and manufacture the semiconductors found in today's technology.
