## HEAR FROM THE HEADMASTER

SPCS Family,

Thanks for a great week SPCS! I was happy to see so many Middle School students participate in our first Bible study this week. I look forward to seeing even more join us for the next one later this month. The lessons and fellowship are invaluable.

Don't forget that we do not have school on Monday in observance of Martin Luther King Jr. Day. I hope you enjoy the extra day with family.

Next week we look forward to our annual Spirit Week. I encourage everyone to participate and also to come out on Friday afternoon to support our girls' basketball team as they host the Lady Saints Tournament.

"Forgiveness is not an occasional act; it is a constant attitude."  
Martin Luther King Jr.

Enjoy your weekend!

In Him,  
Bobby Hunter

## UPCOMING EVENTS

---

**NO SCHOOL - MLK Jr. Holiday**  
1/19/26

---

**NO SCHOOL - Pro Ed Day**  
2/13/26

---

2/16/26

---

**9<sup>th</sup> Annual FUN RUN**  
2/27/26

---

**Father/Daughter Social**  
2/28/26

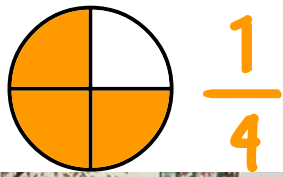

---

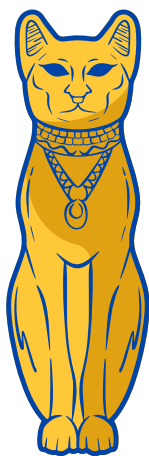

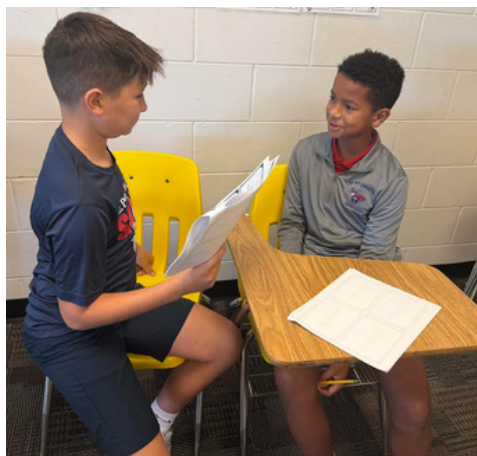

# 1ST GRADE MATH

The math fun continues in Mrs. Hendley's classroom as students put into practice  $\frac{1}{4}$  of the numbers 16 and 20. They are getting good at simple fractions!

# 5TH GRADE SOCIAL STUDIES

Fifth grade students have been busy preparing for their upcoming social studies test on Ancient Egypt. They reviewed key concepts by playing Kahoot and worked with a partner to ask and answer questions, helping them build confidence and reinforce what they've learned.

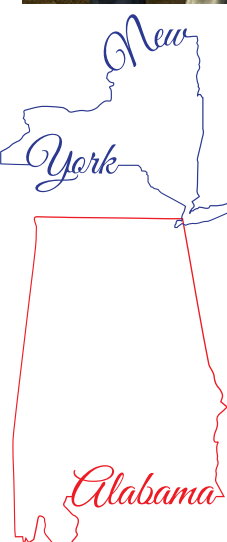

# 8TH GRADE SOCIAL STUDIES

A highlight of 8<sup>th</sup> grade social studies is the State Float project. With their assignment complete, students "paraded" through classrooms to show their floats and share information about the state they chose!

# KINDERGARTEN FUN

Kindergarten students are learning so much! They are becoming great readers, their writing skills are impressive, and they have a lot of fun doing special craft projects too.

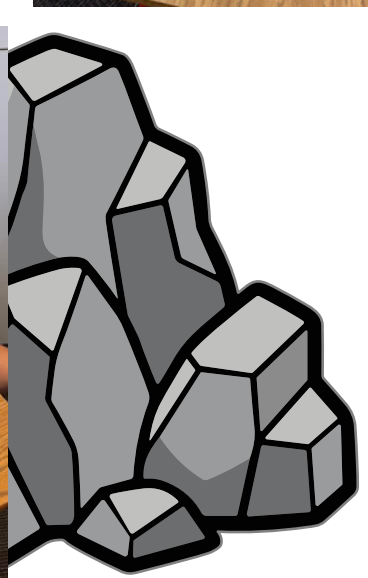

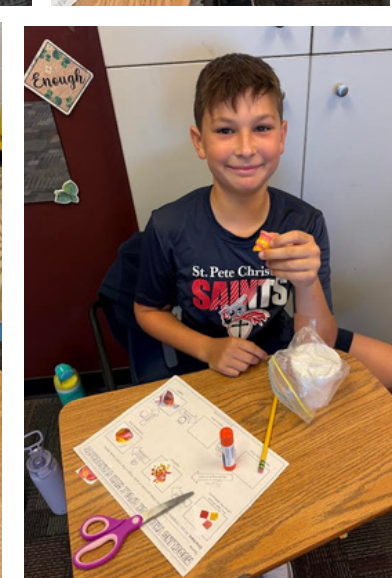

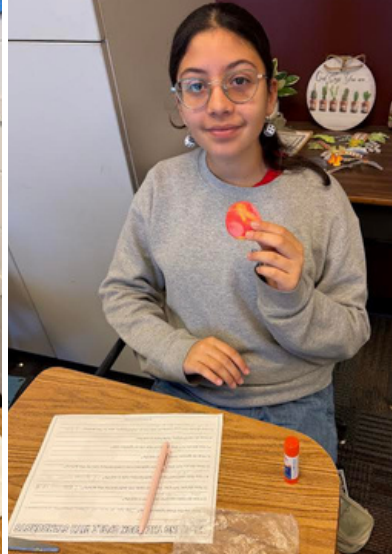

## 5TH GRADE SCIENCE

Learning is "sweet" in 5<sup>th</sup> grade. Miss Krautkremer had students model the rock cycle using Starbursts in science class this week.

**NO**  
**SCHOOL**  
MONDAY 1/19/26

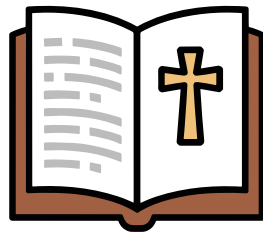

# 8TH GRADE SCIENCE

Middle school students had a chance to put their basketball skills to work during a fun STEM lab. Teams created a mini-basketball court with a hoop. Each team then designed a basketball-throwing device. Teams tested their device for accuracy and then challenged other teams to a modified game of hoops.

# MIDDLE SCHOOL BIBLE STUDY

Almost 50 middle school students attended the first Bible study this week to hear the lesson from Coach Cole. The discussion focused on perseverance and incorporated James 1:2-18. The next gathering is Wednesday, January 28th.

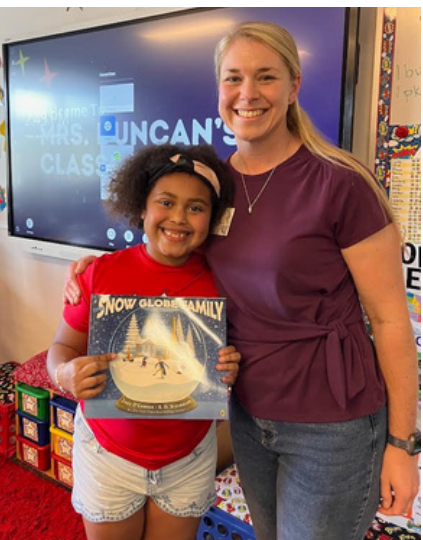

## 3RD GRADE MYSTERY READER

Mrs. Duncan's class welcomed their January Mystery Reader last week. Sadie's mom read the book *Snowglobe Family*. She brought the class a winter snack and a bookmark too.

# WINTER SPORTS UPDATE

## BOYS JV BASKETBALL
