HEAR FROM THE HEADMASTER

Hello Parents,

NJHS kicks off its annual Kind Mouse service project on Monday and SGA is sponsoring a dress-down day to benefit the American Cancer Society next Wednesday the 27th. I look forward to witnessing the good that we can do when we come together as a school community. "And do not forget to do good and to share with others, for with such sacrifices God is pleased." Hebrews 13:16

Our fall sports teams are wrapping up their seasons and I am very proud of how they represented SPCS! The volleyball teams finished this week and golf and soccer will finish next week. I am proud of each athlete and their representation of SPCS. Basketball will start in a few weeks, so watch the calendar and come cheer on our Saints!

Enjoy your weekend!

Bobby Hunter

HELP US HELP OTHERS

Our NJHS students are sponsoring a food drive to support the Kind Mouse that will run from Monday, 10/25 through Friday, 11/3.

We encourage our school community to join their effort by donating food.

Kind Mouse supports families that are homeless and in transition. Listed are specific items that are needed.

NJHS members will be in carline next week to collect donations! Together, we can make a positive impact in our local community.

Items Most Needed! Please Think of a 1st Grader Carrying Food In Their Backpacks & Eating Alone!

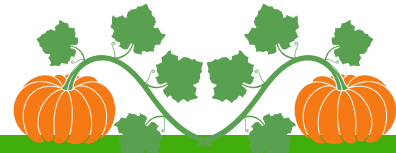

It Takes A Large Litter To Run THIS Mouse!

3RD GRADE PUMPKIN CHARACTERS

Third graders turned a pumpkin into their favorite book character this week!

NICE WEATHER FOR OUTSIDE LEARNING

With the weather a little cooler, 8th grade took advantage and practiced solving multi-step equations outside. Students also took their English class outside to complete their "theme" lesson.

MORE COMMUNITY HELPERS IN KINDERGARTEN

Kindergarten visited with more Community Helpers this week! They met three Lealman firefighters, a marine biologist, a labor and delivery nurse, and a St. Petersburg police officer. We appreciate these professionals taking the time to share how they help the community!

MAKING MUSIC

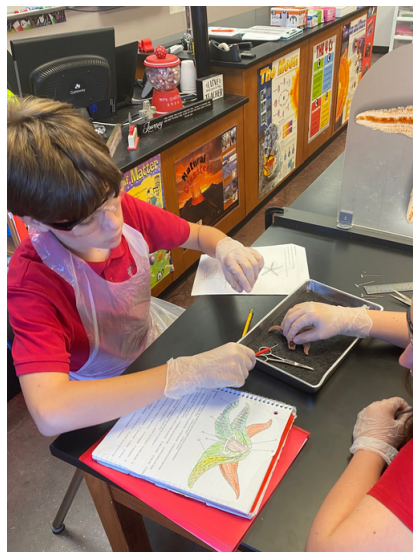

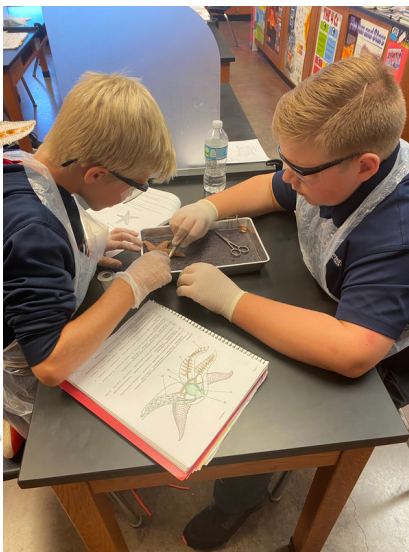

This week 4th Grade used technology to play music games on Quaver, our interactive music curriculum.

Officer Jackson came to groove along with Mrs. Hullet's 3rd Grade class!

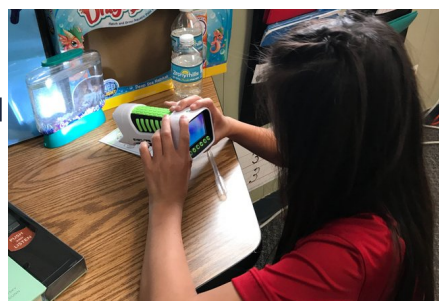

7TH GRADE SCIENCE DISSECTIONS

As they continue with body system studies, the 7th graders dissected starfish during lab time. This activity provided an opportunity to explore invertebrate anatomy. They focused on understanding how each system works with the others to create a unique organism. They will continue with more complex creatures until they move to vertebrates during the second semester.

LRC SCIENCE

The students were able to watch the class aqua dragons hatch from their eggs. They are very small and needed to be viewed from the eye clops magnifying glass. Did you know that eggs kept in air-sealed containers for up to 20 years still hatched when they were returned to water?

DRESS DOWN DAY FOR Cancer Awareness

Wednesday

10/27/21

Dress in **PINK** or **YELLOW** and bring a
donation for the American Cancer Society!
