HEAR FROM THE HEADMASTER

SPCS Families,

It was a cold but exciting week on campus. Our annual Spirit Week, hosted by SGA, was the best ever. We had overwhelming participation and our school spirit was evident. We ended the week with a pep rally to recognize our winter sports athletes and coaches. I appreciate the dedication that our coaches show to our athletes.

The JV boy's basketball team will host the Saints Classic Basketball Tournament today and tomorrow. If you have some extra time, the gym will be warm and the games will be exciting. Next weekend, our varsity boys will host a tournament of their own as well.

"And we know that in all things God works for the good of those who love him, who have been called according to his purpose." Romans 8:28

Enjoy your weekend!

In Him,
Bobby Hunter

6TH GRADE SCIENCE

During their exploration of the differences between plant and animal cells, students swabbed their cheeks so they could view their own cells under the microscope. The 7th graders learned how to prepare a wet slide for observation. Then, they compared their cells with the cells of an onion. They were able to see the differences in shape and also locate the nucleus of their own cell.

WINTER SPORTS PEP RALLY

Our Winter sport athletes were recognized at the pep rally this week. All of the athletes were introduced and then cheered on by the student body as they competed against each other in a fun relay game! We wish all of our 8th Grade athletes the best as they wrap up their last winter sport season at SPCS!
